

CORINTH CONSERVATION COMMISSION  
MINUTES: March 2, 2015 (unapproved)

Present: Frank Roderick, Glynn Pellagrino, Linda Tobin, Marian Cawley, Gabe Zoerheide

Meeting called to order by chair at 7:03 p.m.

February minutes were approved unanimously. (Frank moved, Marian seconded.)

Agenda changes: Becky Buchanan asked to come and address us briefly about Green-Up

Apple Orchard: The first \$1000 came in from the granting organization when we submitted invoices to them. The next 10 trees (again 2 pears and 8 apples) have been ordered and paid for. They will be planted when the ground gets soft enough.

Bottles: Linda collected \$109.85 and will submit that sum to Susan F.

Bottle duty: 3/7, Frank; 3/14, Linda; 3/21, Glynn; 3/28, Marian

Town Meeting: Glynn will speak about both the apple orchard and the CCC in general. / Linda will pass out brochures from Casella with details about what's recyclable and what becomes of our recyclables.

Green Up: Becky Buchanan showed up at 7:15 to pick up the green-up map for display at Town Meeting (map courtesy of Peter Allen). Green-Up is a private organization, not state-run (as many people think). Historically, this organization has had funding from large corporations such as Casella, Subaru, and Green Mountain Power, but some of that funding has been cut in recent years. For the last couple of years, we have carted the Green-Up Day refuse to East Montpelier in a town truck. Joe Blodgett uses a separate truck for this purpose, because everything needs to be weighed. Tires are treated separately. The \$250 stipend we receive from the town approximately pays for the cost of this transport. Details can be found on the Town Web Site under Services.

Future events: Tracking with Alcott Smith, Saturday, March 7: Marian will re-post this event on the LRN. Ginny, Marian, and Joan will do lunch. Glynn will make some chai.

Next meeting will take place on 4/6 at 7:00.

Meeting adjourned at 7:45 (Linda moved, Marian seconded).
