THANK YOU CORINTH! ~ GREEN UP DAY 2017 ~ 47 Years of Tradition!

More than 25 families collected two-thirds of a ton of roadside trash and 2 tons of tires for Green Up 2017! This does not even include the trash collected before and after the actual weekend of Green Up Day or the recyclables and redeemable items many of you also contributed that didn't make it into our statistics. Corinth has a rich tradition of residents who make the effort to green up their town's roadsides after the long winter. **Thank you all** for not only making our community cleaner for us, but also safer for so many creatures who do not make the trash, but may end up harmed by it. We continue to look for a new coordinator for this annual event. Below is a summary of the Green Up Day Coordinator's responsibilities. You can find more about Green Up Day at the organization's website, www.greenupvermont.org, and on our very own town website, <http://corinthvt.org/calendar>. If interested, please contact any member of the Corinth Conservation Commission.

It has been my great privilege to serve as your coordinator, Rebecca Buchanan

Green Up Day Coordinator Timeline of Responsibilities

FEBRUARY: Prepare Town Map for display at Town Meeting. It is a town tradition for Corinthians to mark the routes where they prefer to 'green up' on the map during Town Meeting. Include a clipboard for people to sign up and where they can provide contact information for the e-mail list. Attend February Conservation Commission meeting for planning purposes. Contact Town Clerk for newsletter deadlines and as your main contact through the season (a lot of communication comes through the clerk's office)

MARCH THROUGH APRIL: After displaying the map during Town Meeting, the map can remain in the Town Hall so that residents may continue to sign up. Update e-mail list and send periodic reminders to include notices for the Town Newsletter, the Town website, the listserv, and to the Journal Opinion. Contact Road Foreman to learn where trash collection will take place. Solicit volunteers for the following: hanging posters, bag distribution at the Transfer Station the Saturday before Green Up Day, trash & tire collection at the Transfer Station the Saturday of Green Up Day and attend April Conservation Commission meeting.

MAY: Collect and quantify Green Up trash and tire collection on Green Up Day at the Transfer Station. Work with Road Foreman to obtain final costs for trash & tire removal. Prepare report of statistics for both the Green Up Day organization and for the Corinth Conservation Commission
JUNE: Attend Conservation Commission meeting for de-briefing.

PROPERTY TAX AutoPay Program

In response to the request made at town meeting this year to provide taxpayers with a way to pay their property taxes through a method other than through the mail or in person, the Town is now offering taxpayers the option of having their property tax payments automatically withdrawn from their checking, savings or money market account on the date the property tax payment is due. There is an application form that must be completed and returned to the Town Treasurer's Office, PO Box 461, Corinth, VT 05039 at least (15) day prior to the payment due date. A voided check must be included with the application. You can access the enrollment form at www.corinthvt.org.

The due dates for 2017-2018 tax year are:

Tuesday, September 12, 2017 (application must be received by Monday, August 28, 2017)

Friday, February 9, 2018 (application must be received by Thursday, January 25, 2018)
