3. Recycling Mural Update:
The mural has been moved to WRVS where it will be installed on the second floor.

4. New Recycling Mural Project:
Jeff is contacting five local artists to facilitate a new mural for the transfer station. The goal is to create a Corinth Community Day where individuals and families can sign up to work with an artist to paint a new mural.
We discussed when the Community Day would take place. Jeff spoke with Anne McKinsey about the possibility of having the event take place on Green-Up Day. Anne was supportive of the idea but harbored concerns about traffic safety issues. The board will consider another date.

5. Contacts for Senior Corinth Residents for the Town Emergency Team:
KellyAnn has not had time to gather that information.

6. The board voted to donate $350 to the WRVS Playground Project
