Glynn suggested moving the meeting date to the third Monday of the month

Town Meeting is tomorrow and we are asking for $200 as Green Up Day is separate

Luis mentioned she stopped by to speak to Dick Kelly regarding donation of $1282.79 to our budget which is added revenue to our budget. Lindle is going to try and get totals by the end of the quarter. We have approximately have $11,000 in our budget.

Glynn will address the town report for the CCC. Ken suggested mentioning the educational program and that more is coming and remind people to check out the slides under the CCC on the town website. Glynn advised we have not received an invoice yet from the Center for Ecological Studies.

Ken sent us a video from Fish and Wildlife that involves land conservation, Act 59, and alternatives to conserving land for land owners. Ken mentioned there is a seminar next week how VT Conservation Commissions are dealing with conservation issues and how they are being led by conservation commissions.

Our next forum should involve other groups like Fish and Wildlife, Center for Ecological Studies, UVLT, etc. Similar to an informational fair where booths are set up and people can ask questions and get further information as to how to go about conserving their land. Need to look into possible dates when to hold this fair.

The Tracking Walk was cancelled due to inclement weather and discussed the possibility of a different time of year to hold the event. The Full Moon Snowshoe Walk was a success even though it was slightly cloudy. There was approximately 12 people that attended. Lindle to send a thank you note to Kate and Jeremiah for hosting this event.

Green Up Day is fast approaching and Anne is looking for volunteers. She also mentioned not doing a raffle this year and was thinking of having refreshments on the actual day and maybe a prize for the person or group that brings the most trash.
