APPROVED Minutes for Corinth Conservation Meeting

July 21,2025

Meeting started at 7:06 pm

In attendance- Glynn Pellagrino, Ken Arkind, Lindle Sutton, Mary Kent

Missing- Luke Campbell, Emily Marsh, Katharine Lea, Luise Graf

Land Acknowledgement- Those present voted to have an official acknowledgement and Mary to forward to Glynn the agreed upon one to say at the start of each meeting.

Minutes for our last meeting were approved by Glynn, Lindle and Mary. Ken declined as he was not present in June.

No public comment

There were 8 people who attended the Clement Trail Cleanup day on July 13. The trail is more delineated now but may be in need of more trail signs being placed and the kiosk is in need of repair. Glynn will post on the LRN to thank volunteers and advise the public it is open for use.

Anne Margolis inquired if the CCC wanted to add any input to the proposed subdivision bylaw changes. We could send a general letter of support to support the language the Planning Commission is trying to propose once the language is finalized.

Forest Block Education Program- Ken spoke with several agencies who were interested in assisting us but advised best to wait until the Fall as most take vacations during the Summer. Last meeting Glynn discussed possibly including Estate Planning so people who had property could think about what they planned to do with it. We also discussed what the best format might be ie; setting up booths, and/or each agency having a chance to speak about the role they play before going to their respective booth. Lindle suggested having a current use person in attendance as well. Possible date would be October 4 or 5 in the evening.

Other Business- Ken mentioned the Journal Opinion did an article regarding the Bradford CC assisting a landowner conserve their property and Ken suggested inviting Nancy Jones to come and speak to the CCC as to how the Bradford CC carried that out when their Selectboard backed out of the deal.

Treasurer Update- Glynn got the Treasurer's report for the Green Up Day Trash which was $315 but that is not correct. We need further clarity from the Treasurer and from Anne McKinsey.

Adjournment at 8:45 pm
