Corinth Conservation Commission Approved Minutes

October 20, 2025

Called to Order at 7:09

Present- Glynn Pellagrino, Luise Graf, Lindle Sutton, Mary Kent

Absent- Ken Arkind, Emily Marsh, Katharine Lea, Luke Campbell

September Minutes accepted

Agenda Changes- Jen from the library wants us to co sponsor a beaver talk in conjunction with some of the reading they are doing at the library. Jen found an author (John Aberth) who wrote "Bringing Up Beaver" complete with power point, videos and photos. No date set yet but the CCC would be happy to team up. Bradford Conservation will be hosting a talk on carbon sequestration and climate adaptation Oct 28, 6:30-8pm with a professor from UVM next Tuesday at the firehouse in Bradford. Nancy Jones asked the CCC to get the word out.

No public comment

Land Use Program follow up-

We had approximately 20 people in attendance. Will need to send thank you notes to the three speakers to thank them for a successful forum. Need to discuss what the next step is going forward at our next meeting.

Treasurer Report-

Lindle advised $8,367.04 is our balance and she feels it is down more than it should be. Lindle asked Kelly Anne for a beginning balance, itemized expenses and ending balance. We had a tax levy of $200 from the town. Amy Peberdy sent a check for $115 from the Free Store but Lindle never handled the check. We will have Amy send us a personal check and provide the check number. There is no money from bottles for this quarter. Lindle will speak further to Kelly Anne regarding the bottle money and we have $2802.98 in our forest budget.

TROC Land Use Maps-

TROC has been going around the region doing talks on future land use planning and have provided two maps which will be helpful to the CCC as well as the Planning Commission.

Other Business-

Discussed plans to develop an email list for volunteers that may not necessarily have time to come to meetings but may be able to help with some of the CCC functions.

Adjournment at 8:03 pm.
