Ethics Compliance. Reed read from a report she had shared with the Commission. She discussed Act 171, and reviewed where the Commission's Rules and Procedures are in compliance and where they are not. The changes that need to be made include updating the links and references, and listing the training requirements.

Building Permit Ordinance. Pazdro explained that a building permit ordinance would increase fairness in taxes, as the listers would be aware of new structures so that they appear on the tax rolls, and would help inform residents of any restrictions on development, such as flood plains and wetlands. Alexander suggested that the listers be consulted. Devoto asked who would review permits, Pazdro suggested that the Administrative Officer would be responsible.

Other. Devoto reviewed the approval process for the Subdivision Bylaws amendment: The Selectboard has made minor changes to the Subdivision Bylaws amendment that the PC sent. The SB expects to vote on January 12 to send a final version of the Subdivision Bylaws to the voters, to be voted on by Australian Ballot on Town Meeting Day. He handed Commissioners copies of the Subdivision Bylaws with changes made by the Selectboard highlighted. The Commissioners agreed to individually email Devoto with any comments or corrections on those changes.
