Corinth, VT Conservation Commission Minutes-APPROVED

June 15, 2026

Present- Glynn Pellagrino, Emily Marsh, Lindle Sutton, Joyce Powzyk, Mary Kent

Missing- Luke Campbell, Luise Graf, Ken Arkind

Called to Order- 7:09 pm

Land Acknowledgement done by Glynn Pellagrino

Approval of May minutes approved by all present

Town Forest WRVS Project-

Sadly, our grant was denied. The CCC still plans to go forward with the school project. The next step is the workshop that will be led by VT Fish and Wildlife at the WRVS, August 19th, 11-3 pm. Mary will be looking for other grants in the near future.

EAB Project-

The EAB website falls under the CCC and Glynn believes it has not been updated in about 10 years. Joyce mentioned Ginny Barlow stepped down as Tree Warden and there may be a new warden in place but unsure who that might be.

Clement Loop Trail-

Trail Work day is July 19th, 8:30 am to 10:30 am. Mary to post on the LRN Monday June 29th and a couple times after that

VT Protected ANR lands database VPLD- (VT Protected Lands Database)

Requesting CCC check conserved lands and make sure they are in the database. Glynn to send everyone an email that VPLD sent to him which contains a recording of their workshop and what assistance they need from local CC's.

Chervil-

Glynn mentioned that chervil this year seems more prevalent and asked if we should be starting a pilot program to try and keep it in check. To be discussed further at our next meeting.

The Natural Resource Council-

They are requesting to meet with local CC's who fall under the White River Watershed to discuss projects being worked on and what if any help they can provide. Glynn sent an email advising when we meet and that they are welcome to come to one of our meetings.

Meeting adjourned at 8:05 pm.
