August minutes approved unanimously.

Roaring Ridge Trail: Glynn conveyed a discussion he had with Westy Copeland about issues at the trail on her property, which included a lot of use and people not staying on the trail and not respecting the property. The property is also being logged and is not safe for public use at the moment and will also need to be remarked and worked on before it can be ready for public visitors. Glynn will have a notice put on the town website. Westy also said the trail has been listed on the trail app/website Alltrails which is attracting visitors from outside of the area.

F.X. Shea Town Forest :
The town forest management plan is due for an update. Lindle will reach out to Dave Paganelli the Orange County State Forester about doing a visit to discuss recommendations for the forest management plan and then we will proceed to the next steps of possible logging.

Other business: Lindle suggested it was time to recruit some new members since we have two open seats.
