Corinth Conservation Meeting Minutes

Present- Glynn Pellagrino, Luke Campbell, Emily Marsh, Lindle Sutton, Joyce Powzyk, Mary Kent

Missing- Luis Graf

Call to Order at 7:08 pm

Land Acknowledgement done by Glynn Pellagrino

Approval of September minutes by all present

Town Forest Management Plan- Lindle emailed Dave Paganelli and has not heard back yet. She will follow up and send everyone an email if she hears anything in the near future. Glynn advised we should wait until we hear from Dave before reaching out to Red Start.

WRVS Educational Outreach Program- Mary suggested putting the program on the back burner and mentioned another possible idea of doing some kind of permanent story walk in the town forest in conjunction with the school. Mary mentioned she has plans to go to Tucker Mountain to get some ideas as they have a story walk there. There is a possibility of involving Oxbow High School and their wood shop.

Roaring Ridge Trail- Until we can touch base with Westy to get an idea of when logging will be complete, we will hold off on putting up new signage.

Other Business- Joyce suggested doing research on our own property to see how it would be affected as far as land use, act 250/181 etc. She will sharpen her thoughts up for the next meeting. Glynn mentioned the Town Planning commission sent him a town survey draft and asked him if the CCC wanted to add any questions. He will send it to everyone on the commission so we can add any questions/ suggestions to the survey. They also invited us to come to one of their meetings in the near future. Luke mentioned this Thursday, the Pike Hill Mine group will be here at the Town Hall at 6 pm to discuss updates and findings. Glynn mentioned on Cookeville rd, beavers have been building up a culvert and it appeared the town was digging it up. Glynn suggested getting a beaver deceiver which could be costly and will talk to Joe Blodgett more about it.

Adjournment- At 8:22 pm, all present in favor.
